May 24, 2010

Dear Student,

I have the pleasure of informing you that you have achieved a rank in the top 10 at International Mathematics Competition (IMC) Team Selection Competition held on May 22, 2010. Congratulations!

We hope to select a team of 8 students. You have to make a decision with your parents whether you are going to the IMC or not. International Mathematics Competition 2010 will be held in Incheon, Korea during July 25 – 29, 2010. If you are going then you have to bear the round trip air fare to Incheon, Korea; obligatory insurance coverage; and visa fees. The IMC 2010 Organizing Committee will cover all official expenses for the team in Korea including meals and lodgings.

You must have a passport before June 4th. You are invited to a meeting with your parents at 3 pm on May 29th at the Department of Mathematics, University of Colombo. Those who are absent for this meeting will not be considered for the team. Please print the attached IMC 2010 declaration and fill it and bring it on the 29th.

Please confirm your participation at the meeting on the 29th by sending an sms to 072 3678215. Do not hesitate to call me if you have any questions.

Yours truly,

Chanakya J. Wijeratne

Former Head/ Department of Mathematics, University of Colombo &

CEO/ Sri Lanka Olympiad Mathematics Foundation
